

Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all old residents near Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and unnerve me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Nervine and Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nervine."

TOUR OF INSPECTION

Secretary of War Will Visit the Various Volunteer Camps.

GENERAL ALGER'S VIEWS

On Plans to Be Carried Out in Future Regarding Troops and Their Camp Life—Officers to Be Held Responsible For Sanitary Conditions—Investigation of Chickamauga Hospital.

Washington, Sept. 8.—Secretary Alger is now putting his affairs in shape to admit of his absence from Washington on a tour of inspection of the army camps throughout the country. He will leave this evening, going first to Camp Meade, Pa., and thence to Detroit. Now that the active war operations have closed the secretary feels free to express certain views entertained by the president and himself respecting the plans of the treatment of the soldiers and touching the persons upon whom responsibilities should be placed for some of the matters of complaint. In this connection he says:

"The regiments that have been ordered mustered out will be mustered out. The regiments that have been designated by the president to remain in the service will have to remain. As soon as we have mustered out 100,000, more or less, we shall reorganize the army—every brigade, division and corps—and put them into comfortable camps until such of them as are needed are withdrawn from service in Cuba, Porto Rico and the Philippines. In these

SECRETARY OF WAR ALGER camps, with experience of the past to guide us, sanitary conditions will be strictly enforced. The men composing the army will be treated as soldiers. They will be shown every possible consideration and their health will be preserved.

"The officers commanding regiments and companies will be held strictly accountable for the sanitary conditions of the camps. They are the ones who should be held responsible. During the war many of these officers disregarded the specific instructions that had been given looking to the proper care of their men. Now it is time for them to take this work upon themselves, and with the knowledge that they are to remain in service they will be expected to devote their best energies to the work. Where men are incompetent to discharge these duties they must give way to competent men, for again I wish to make it clear that these company and regimental officers are to be held to account for the welfare of their men."

The secretary gave an earnest assurance of his purpose to carry out strictly the decision he had announced to hold field officers responsible for the condition of their men as in the case of Private Hugh Parrott, who was reported to have perished in his tent at Montauk, lacking medical attendance. This was

PURITAN DAMES.

We hear a great deal these days of our puritan forefathers, but little concerning the wives and mothers who landed at Plymouth Rock and founded that colony which was destined to play such a large part in our history.

In 1621 Elder Cushman wrote from Plymouth that he "would not advise any one to come here who did not intend to spend their time, labor and endeavors for the benefit of those who shall come after, quietly contenting themselves with such hardships and difficulties as shall fall upon them."

What self-renunciation and heroic purpose was this! They drowned witches to be sure, but that was not part of their puritanism. It is to the puritan women we owe so much for that spirit in our people which gives them the fortitude to endure hardship and stake life and fortune for their convictions.

The American women of to-day have the spirit of their puritan mothers, but their constitutions are not rugged or able to endure half the hardships of these New England ancestors. Very often they are run down with weakness and irregularities of their symptoms, history, etc., so that they can give them the best possible medical advice. If Dr. Pierce's Favorite Prescription seems to suit the case the doctor will say so. If not, then he will give medical advice which will put such women on the rapid road to recovery and health.

the case to which Representative Grosvenor had directed the attention of the war department. The secretary several days ago called upon the commanding officer at Camp Wikoff for a report on the subject and yesterday he sent a peremptory order to General Shafter to create a court of inquiry to investigate the case, or if the facts warranted it to shorten the proceedings by ordering a courtmartial at once for the officer responsible for Parrott's lack of attention.

ONE HUNDRED THOUSAND MEN

To Be Mustered Out of Uncle Sam's Service—Governors to Select Regiments.

Washington, Sept. 8.—Late yesterday the following was given out at the war department:

In response to the request of the governors of some of the states for the muster out of their entire volunteer force, the president replied, in substance, as follows: "Answering your telegraphic request for the muster out of your regiments, I have already directed that 100,000 of the volunteers shall be mustered out of the service. This is because, in my judgment, that number can be spared. About 100,000 will remain, as the government requires in Cuba, Porto Rico and the Philippines a larger army than the regular military establishment affords. The mustered out will be nearly as possible according to the population of the several states. The suggestion to muster out all of the volunteers from your state cannot, therefore, be entertained. The secretary of war has already inquired of the governors of the several states what regiments, in their judgment, can with the least inconvenience remain in the service. Their advice will, so far as consistent with the public interests, be complied with."

UNPLEASANT THINGS.

Second Division Hospital at Chickamauga Investigated.

Chickamauga, Ga., Sept. 8.—Transportation was arranged yesterday for the First Arkansas and First Mississippi regiments to leave the park today for their respective homes.

Kinney, the First Mississippi man who made a murderous assault on Colonel Govan, was sent under a detail of five men yesterday to St. Francis barracks, St. Augustine, to serve out his term of five years fixed by the courtmartial.

The investigation of the Second division hospital, instituted by General Breckinridge on charges preferred by Colonel Chandler of the Second Arkansas, have been concluded. The finding of the committee has not been made public, and all that was given out was that "some very unpleasant things were found."

The report of the various hospitals for yesterday show the following: Deaths, 5; in hospitals, 708; in quarters, 967; total, 1,075. Of those sick, 325 are typhoid fever; 68 were released on furloughs.

Tennesseeans Want to Go Home.

San Francisco, Sept. 8.—Hugh Craig, president of the Chamber of Commerce, has received the following: "The enlisted men of the First Tennessee regiment desire to thank you for your efforts in trying to get them out of the service of the United States army and hope you will succeed in having us sent to our respective homes, where we can get plenty to eat and a good bed to sleep in. We are actually suffering for want of food. The enlisted men want to go home. Do all you can for us. The above is the sentiment of the entire regiment." This was signed "the enlisted men in the regiment."

New Legislation Unnecessary.

Washington, Sept. 8.—No new legislation will be required to authorize the payment of pensions to the soldiers who were disabled in the Spanish war, and the widows of those who fell victims to bullets or fever. Commissioner of Pensions Evans says there has been filed with his office a total of 246 claims for pension on account of this war. Of these 45 per cent are invalid pensions. The details are: Invalid, 110; widow, 61; minor, 2; mother, 49; father, 24.

HOT SCRIMMAGE

Silver Republicans Fought Colorado Resort to Arms—One Killed.

Colorado Springs, Sept. 8.—A pitched battle occurred in this city yesterday between the two factions of the Silver Republican party of this state, in which one man was killed and three wounded. The dead man is Charles S. Harris of Denver. A man named Palmer was shot in the cheek, but not seriously injured. Another man had his hand shot nearly off and another received a flesh wound in the arm.

The fight was waged for the possession of the opera-house. An armed guard representing the Teller-Blood wing was in possession. An armed force representing the faction deposed by National Chairman Tonne, was sent to drive the guard out of the theater. After a hot scrimmage in which many

shots were fired, the Tellerites fled in dismay. Harris and the men who were wounded are supposed to have been members of the attacking force.

DROWNED

General Wheeler's Son Carried Out to Sea While Bathing at Montauk.

Camp Wikoff, Sept. 8.—Thomas H. Wheeler, son of General Joseph Wheeler, and Second Lieutenant Newton D. Kirkpatrick, First cavalry, were drowned while bathing here yesterday afternoon.

Young Wheeler was a naval cadet in his second year. He had been acting on his father's staff for some time past. He was 17 years of age. Together with Lieutenant Kirkpatrick he went to the beach to enjoy the surf bathing. The surf ran high and the undertow was very strong. Apparently no one saw the young men drowned, and it was not until last night that they were missed.

Wants \$10,000 For an Arm.

Crawfordsville, Ind., Sept. 8.—Joseph L. Ryan has sued the Big Four railroad for \$10,000 damages. Ryan was a brakeman on the road and last November had his arm crushed off while in line of duty. He alleges that the accident was due to the fact that the cars were out of repair, and were not provided with the proper safeguards required by law for men doing his work.

IN SECRET SESSION

Sagasta Succeeds In Having War Discussed Behind Closed Doors.

GENERAL WEYLER SPEECH

Declares the Loss of the Cuban War Is Chargeable to the Government—Count D'Almeida Says Sashes of Some Generals Ought to Be Put Around Their Necks.

Madrid, Sept. 8.—The chamber has followed the senate in discussing the late war behind closed doors. This action has caused the greatest sensation. Immediately after the meeting Senor Salmeron, the Republican leader, moved that an investigation be made into the responsibility of Senor Sagasta's government in connection with the declaration of war, the negotiations for peace and the violation of the constitution by the suspension of the guarantees.

The premier, Senor Sagasta, quickly asked that the deliberations be conducted behind closed doors and the president pronounced favorably on the request. Thereupon the Republicans and Conservatives vehemently protested and, amid an indescribable confusion, the doorkeepers cleared the galleries of spectators, the deputies in the meantime shouting uproariously.

The senate session also was a stormy one. General Weyler reminded the senate of how Count D'Almeida had greeted the returning soldiers, ignoring the officers. He declared that this was a reflection upon the officers' efficiency. "The mistakes made in Cuba are not to be blamed upon the army," he said, "but upon the politicians at the head of the government."

The latter, he declared, were responsible for not sending supplies to the armies in Cuba and Porto Rico and, indeed, for completely abandoning them. "The ministers of war and marine ought to have resigned. Had the army been properly equipped," he continued, "it would not have failed. It would have been better for Admiral Cervera's squadron to remain at the Canaries, for no practical end was served by sending the ships to Santiago." What measures did the government take to protect the squadron? General Weyler asked, hotly. The responsibilities for the surrender of Santiago rested wholly upon the government instead of General Toral.

General Weyler strongly condemned the secret sessions of the cortes and concluded his speech as follows: "I desire to speak to all Spain and not merely to the government."

Count D'Almeida, replying to General Weyler's strictures said: "I addressed my greetings to those who have been martyrs for their country—to Spanish soldiers because they deserved such greetings. I did not address the generals, for they showed themselves incapable of leading soldiers to battle or of showing them how to fall worthily on the field."

Marsal Primo de Rivera shouted: "That is not true," and General Weyler and others joined in the protest. Count D'Almeida, addressing General Rivera, replied: "I am not afraid of such cries, or of the insults, or of the denunciations that will have to be torn off the breasts of several officers. The sashes of some generals should be torn off and put around their necks." A great uproar ensued.

A resolution signed by all the republican deputies was submitted to the chamber declaring the government responsible, first, for lack of the necessary energy in prosecuting the war; second, for accepting a shameful peace; and, third, for violating the constitution.

THE COMAL RETURNS.

Having Failed to Land Her One Million Rations For Insurgents.

Havana, Sept. 8.—The United States transport Comal, laden with a cargo of something more than 1,000,000 rations, the gift of the United States government to the people of Cuba, has returned to Port Tampa, having failed to land her supplies.

Business is at a standstill. The mail from abroad which had accumulated since April, has arrived and in it are orders for the shipment of cigars to London amounting to millions in value. It is impossible to fill these orders, as not only are the factories working very little owing to the scarcity and high price of the leaf, but it is impossible to sell exchange. There are no buyers at any price. Sterling is quoted nominally at 13 per cent premium, seven points lower than the average for the last 10 years. This general paralysis is due to the doubt felt as to the future and the arrival of the United States military commissioners are eagerly awaited.

General Maximo Gomez, under date of Aug. 26, has addressed a letter to T. Estrada Palma of New York, a copy of which arrived here on the Mascotte. Its salient points are embraced in three propositions:

1. General Gomez's annoyance at hearing rumors of peace negotiations between Spain and the United States without being himself officially notified.

2. General Gomez's horror of war and his desire to hear Cubans spoken of only as republicans, men of worth and virtue.

3. General Gomez's declaration that, having been first in war, he now proposes to be first to assist in the consolidation and consummation of peace.

General Gomez further says that the Americans have been "quiet cold and dry" with him, but they are the beneficiaries of Cuba, adding that both the United States and himself are "strangers and foreigners in this land."

G. A. R.

The Great Parade at Cincinnati Eclipsed All Other Events.

Cincinnati, Sept. 8.—The great annual pageant of the Grand Army was the event yesterday. It not only eclipsed other events, but it also prevented the meetings and reunions that were held on other days. The veterans being too tired for meetings or anything else after the ranks were broken shortly after 4 o'clock. The parade occurred under the brightest blue sky and with everything in its favor, it surpassed all expectations. The boys in blue are becoming gray, but they still enjoy marching along. They were frequently heard yelling out to each other and did not hesitate to break ranks for greetings. Some men met during the parade who had not met since they were mustered out, 30 years ago.

There were many confederates here who were with General Kirby Smith when he marched over the Kentucky hills within sight of this city. At that time the Queen City of the West was badly alarmed as Santiago during the recent campaign. It was not so yesterday. With the great parade, the series of festivities were practically closed, the business sessions of the G. A. R. and its auxiliaries began today.

Hisssed Off the Stage.

Cincinnati, Sept. 8.—During G. A. R. campfire at Music hall last night Governor Pingree of Michigan was hissed and hooted off the stage because of his criticism of the management of the Spanish war.

NARROW ESCAPE.

B. T. Reid's Family and Visitors Poisoned by Eating Ice Cream.

Elizabethtown, Ky., Sept. 8.—B. T. Reid, a prominent merchant of this place, his wife and two children, James Reid and his little son, Mrs. D. Richardson, the latter gentleman's mother-in-law, and Mrs. E. Roberts of Ekron, Meade county, visitors, were poisoned by eating ice cream and cake. It is thought by some that poison was placed in the water used by them from a cooler which sat on the rear porch.

The doctors worked diligently for more than four hours to save them, and strong antidotes and stimulants, such as whisky and digitalis, had to be used before relief was had. All are thought to be out of danger except Miss Bertha Reid, Mrs. Richardson and Mrs. Roberts. An investigation is being made of the water, ice cream and cake used at the residence.

DREYFUS.

Desire For the Convoking of the Deputies Growing Daily.

Paris, Sept. 8.—The agitation for convoking the chamber of deputies is growing daily. Already notices of 12 interpellations as to the Dreyfus affair have been given. Three duels are imminent over the case. A great sensation has been caused by the statement by the Matin that facts have been discovered implicating the officers of the general staff. Rumors are in circulation that Comte Esterhazy has disappeared and that Lieutenant Colonel Paty Du Clam has been arrested but they are unconfirmed.

Mexican War Veterans.

Louisville, Sept. 8.—The annual meeting of the National Association of the Mexican War Veterans will be held here the 21st and 22d of this month. Preparations are making for a warm greeting. Governor Bradley and Mayor Weaver will welcome them to Kentucky and Louisville and they will also be given a banquet, after which there will be a public reception.

Two Killed and Ten Injured.

New York, Sept. 8.—The first gust of wind that preceded the thunderstorm yesterday afternoon blew down the heavy iron superstructure of new pier No. 50, killing two men and injuring 10 others. There were 90 men at work on the iron superstructure on the pier when it fell in on them.

HOT SCRIMMAGE

Silver Republicans at Colorado Resort to Arms—One Killed.

Colorado Springs, Sept. 8.—A pitched battle occurred in this city yesterday between the two factions of the Silver Republican party of this state, in which one man was killed and three wounded. The dead man is Charles S. Harris of Denver. A man named Palmer was shot in the cheek, but not seriously injured. Another man had his hand shot nearly off and another received a flesh wound in the arm.

The fight was waged for the possession of the opera-house. An armed guard representing the Teller-Blood wing was in possession. An armed force representing the faction opposed by National Chairman Toane, was sent to drive the guard out of the theater. After a hot scrimmage in which many

shots were fired, the Tellerites fled in dismay. Harris and the men who were wounded are supposed to have been members of the attacking force.

DROWNED

General Wheeler's Son Carried Out to Sea While Bathing at Montauk.

Camp Wikoff, Sept. 8.—Thomas H. Wheeler, son of General Joseph Wheeler, and Second Lieutenant Newton D. Kirkpatrick, First cavalry, were drowned while bathing here yesterday afternoon.

Young Wheeler was a naval cadet in his second year. He had been acting on his father's staff for some time past. He was 17 years of age. Together with Lieutenant Kirkpatrick he went to the beach to enjoy the surf bathing. The surf ran high and the undertow was very strong. Apparently no one saw the young men drowned, and it was not until last night that they were missed.

Wants \$10,000 For an Arm.

Crawfordsville, Ind., Sept. 8.—Joseph L. Ryan has sued the Big Four railroad for \$10,000 damages. Ryan was a brakeman on the road and last November had his arm crushed off while in line of duty. He alleges that the accident was due to the fact that the cars were out of repair, and were not provided with the proper safeguards required by law for men doing his work.

IN SECRET SESSION

Sagasta Succeeds In Having War Discussed Behind Closed Doors.

GENERAL WEYLER SPEECH

Declares the Loss of the Cuban War Is Chargeable to the Government—Count D'Almeida Says Sashes of Some Generals Ought to Be Put Around Their Necks.

Madrid, Sept. 8.—The chamber has followed the senate in discussing the late war behind closed doors. This action has caused the greatest sensation. Immediately after the meeting Senor Salmeron, the Republican leader, moved that an investigation be made into the responsibility of Senor Sagasta's government in connection with the declaration of war, the negotiations for peace and the violation of the constitution by the suspension of the guarantees.

The premier, Senor Sagasta, quickly asked that the deliberations be conducted behind closed doors and the president pronounced favorably on the request. Thereupon the Republicans and Conservatives vehemently protested and, amid an indescribable confusion, the doorkeepers cleared the galleries of spectators, the deputies in the meantime shouting uproariously.

The senate session also was a stormy one. General Weyler reminded the senate of how Count D'Almeida had greeted the returning soldiers, ignoring the officers. He declared that this was a reflection upon the officers' efficiency. "The mistakes made in Cuba are not to be blamed upon the army," he said, "but upon the politicians at the head of the government."

The latter, he declared, were responsible for not sending supplies to the armies in Cuba and Porto Rico and, indeed, for completely abandoning them. "The ministers of war and marine ought to have resigned. Had the army been properly equipped," he continued, "it would not have failed. It would have been better for Admiral Cervera's squadron to remain at the Canaries, for no practical end was served by sending the ships to Santiago."

What measures did the government take to protect the squadron? General Weyler asked, hotly. The responsibilities for the surrender of Santiago rested wholly upon the government instead of General Toral.

General Weyler strongly condemned the secret sessions of the cortes and concluded his speech as follows: "I desire to speak to all Spain and not merely to the government."

Count D'Almeida, replying to General Weyler's strictures said: "I addressed my greetings to those who have been martyrs for their country—to Spanish soldiers because they deserved such greetings. I did not address the generals, for they showed themselves incapable of leading soldiers to battle or of showing them how to fall worthily on the field."

Marsal Primo de Rivera shouted: "That is not true," and General Weyler and others joined in the protest.

Count D'Almeida, addressing General Rivera, replied: "I am not afraid of such cries, or of jeers, or of the decorations that will have to be torn off and put around their necks." A great uproar followed.

A resolution signed by all the republican deputies was submitted to the chamber declaring the government responsible, first, for lack of the necessary energy in prosecuting the war; second, for accepting a shameful peace, and thirdly for violating the constitution.

THE COMAL RETURNS.

Having Failed to Land Her One Million Rations For Insurgents.

Havana, Sept. 8.—The United States transport Comal, laden with a cargo of something more than 1,000,000 rations, the gift of the United States government to the people of Cuba, has returned to Port Tampa, having failed to land her supplies.

Business is at a standstill. The mail from abroad which had accumulated since April, has arrived and in it are orders for the shipment of cigars to London amounting to millions in value. It is impossible to fill these orders, as not only are the factories working very little owing to the scarcity and high price of the leaf, but it is impossible to sell exchange. There are no buyers at any price. Sterling is quoted nominally at 13 per cent premium, seven points lower than the average for the last 10 years. This general paralysis is due to the doubt felt as to the future and the arrival of the United States military commissioners are eagerly awaited.

General Maximo Gomez, under date of Aug. 26, has addressed a letter to T. Estrada Palma of New York, a copy of which arrived here on the Mascotte. Its salient points are embraced in three propositions:

1. General Gomez's annoyance at hearing rumors of peace negotiations between Spain and the United States without being himself officially notified.

2. General Gomez's horror of war and his desire to hear Cubans spoken of only as republicans, men of worth and virtue.

3. General Gomez's declaration that, having been first in war, he now proposes to be first to assist in the consolidation and consummation of peace.

General Gomez further says that the Americans have been "quiet cold and dry" with him, but they are the benefactors of Cuba, adding that both the United States and himself are "strangers and foreigners in this land."

The Great Parade at Cincinnati Eclipsed All Other Events.

Cincinnati, Sept. 8.—The great annual pageant of the Grand Army was the event yesterday. It not only eclipsed other events, but it also prevented the meetings and reunions that were held on other days. The veterans being too tired for meetings or anything else after the ranks were broken shortly after 4 o'clock. The parade occurred under the brightest blue sky and with everything in its favor, it surpassed all expectations. The boys in blue are becoming gray, but they still enjoy marching along. They were frequently heard yelling out to each other and did not hesitate to break ranks for greetings. Some men met during the parade who had not met since they were mustered out, 30 years ago.

There were many confederates here who were with General Kirby Smith when he marched over the Kentucky hills within sight of this city. At that time the Queen City of the West was as badly alarmed as Santiago during the recent campaign. It was not so yesterday. With the great parade, the series of festivities were practically closed, the business sessions of the G. A. R. and its auxiliaries began today.

Hissed Off the Stage.

Cincinnati, Sept. 8.—During G. A. R. campfire at Music hall last night Governor Pingree of Michigan was hissed and hooted off the stage because of his criticism of the management of the Spanish war.

NARROW ESCAPE.

B. T. Reid's Family and Visitors Poisoned by Eating Ice Cream.

Elizabethtown, Ky., Sept. 8.—B. T. Reid, a prominent merchant of this place, his wife and two children, James Reid and his little son, Mrs. D. Richardson, the latter gentleman's mother-in-law, and Mrs. E. Roberts of Ekron, Meade county, visitors, were poisoned by eating ice cream and cake. It is thought by some that poison was placed in the water used by them from a cooler which sat on the rear porch.

The doctors worked diligently for more than four hours to save them, and strong antidotes and stimulants, such as whisky and digitalis, had to be used before relief was had. All are thought to be out of danger except Miss Bertha Reid, Mrs. Richardson and Mrs. Roberts. An investigation is being made of the water, ice cream and cake used at the residence.

DREYFUS.

Desire For the Convoking of the Deputies Growing Daily.

Paris, Sept. 8.—The agitation for convoking the chamber of deputies is growing daily. Already notices of 12 interpellations as to the Dreyfus affair have been given. Three duels are imminent over the case. A great sensation has been caused by the statement by the Matin that facts have been discovered implicating the officers of the general staff. Rumors are in circulation that Comte Esterhazy has disappeared and that Lieutenant Colonel Paty Du Clam has been arrested but they are unconfirmed.

Mexican War Veterans.

Louisville, Sept. 8.—The annual meeting of the National Association of the Mexican War Veterans will be held here the 21st and 22d of this month. Preparations are making for a warm greeting. Governor Bradley and Mayor Weaver will welcome them to Kentucky and Louisville and they will also be given a banquet, after which there will be a public reception.

Two Killed and Ten Injured.

New York, Sept. 8.—The first gust of wind that preceded the thunderstorm yesterday afternoon blew down the heavy iron superstructure of new pier No. 50, killing two men and injuring 10 others. There were 90 men at work on the iron superstructure on the pier when it fell in on them.

CONVENTION CALL.

Whereas a majority of the democratic voters of Jackson county have repudiated a so called democratic primary election and the nominees of said primary election, which was in its rules and regulations governing said primary, so unfair, unjust and undemocratic that more than three-fourths of the democratic voters of the county refused to recognize the said primary or participate in said primary election, and

Whereas the republican county central committee at a regular and full meeting of the committee, held in Seymour on the 18th day of August, 1898, declared themselves as willing to affiliate with all voters of Jackson county who were opposed to the so called democratic ticket and appointed a committee of five members of their county committee to confer and arrange with a like committee of five democrats, as to time, manner, etc., of holding a convention of the independent voters of Jackson county, therefore be it resolved by this joint committee of five democrats and five republicans:

ANNOUNCEMENT.
FOR CLERK.

JAMES W. LEWIS, of Vernon township, is a candidate as a republican for county clerk on the fusion ticket hereafter to be named.

D. W. HARR, of Redding township, is a candidate as a republican for county clerk on the fusion ticket to be named September 17.

FOR SHERIFF.

B. C. Lott, of Hamilton township, is a candidate as a republican for sheriff of Jackson county on the fusion ticket to be nominated September 17th.

The republicans of Vermont cast nearly three times as many votes as the democrats in the state election Tuesday.

CINCINNATI is having a busy week. They are not only entertaining old soldiers, but thousands of others from all parts of the county. The business men are doing a good business for they have the crowd to do business with.

Some democrats and democratic papers are now howling about the army of the United States being made up of weeklings, men without capacity as soldiers, and this too in the face of the most successful and brilliant war ever waged.

The democrats who grew impatient and cried "On to Havana" and "On to Santiago," are now criticising the management of the war because troops were sent to Cuba before the winter season. What wonderful adaptability these talking warriors have.

The county convention to be held in Seymour, September 17, will nominate a ticket composed of substantial men who will be elected and administer the affairs of the county in the interest of the people. The days of the ring are numbered. Therefore the ringsters and their backers are sorely troubled.

The populists are right in the middle of the road with a national ticket. The convention at Cincinnati this week named Wharton Barker and Ignatius Donnelly to lead the populist hosts in 1900. They are a little previous yet they say they mean business. Judging from the spirit of the convention and tone of the speeches and the lengthy address issued, they will not stand in with Bryan unless he quits calling himself a democrat. Simply acting like a populist is not sufficient. They are hedging on the 16 to 1 proposition and getting back to greenbacks.

Mrs. R. W. Geiger, of Contreville, Iowa, came here to today to see friends.

Mrs. S. H. Winton came here last evening from Bedford to visit Mrs. D. W. Williams and family.

Councilman DeGo'yer left for Westport this morning to look after his gravel road contracts in that locality.

This morning was the coolest of the season. Thermometer 56 degrees above zero at 5 o'clock. We will have warm weather tomorrow.

JOHN V. HADLEY.

Hon. John V. Hadley, Republican nominee for judge of the supreme court, was reared in Hendricks county and is a citizen of Danville. He was born in 1841, and in 1861, when the war began, he was a student in Butler University. He enlisted in the army and served throughout the war with distinction. He was taken prisoner, and has written an interesting book descriptive of his military experience. He was a member

JOHN V. HADLEY.

of the state senate in the sessions of 1869 and 1871, representing Putnam and Hendricks counties. In 1888 he was elected judge of the circuit composed of Marion and Hendricks counties. Hendricks county was soon thereafter made a separate circuit, and he is now judge of the court of that county. He has a large acquaintance throughout the state, and is popular with all classes. He has the reputation of being a fair and upright judge, and his opinions have been rarely reversed by the higher courts. His integrity as a man is unquestionable, and his fitness for the supreme court bench is cheerfully conceded by men of every shade of political belief.

REPUBLICAN
LABOR LEGISLATION.

The Sixtieth general assembly of Indiana, having a Republican majority in both branches, gave practical testimony of the party's sincere interest in the cause of workmen by abolishing the prison contract system and taking convict labor out of competition with free labor; by creating the office of factory inspector, providing for the better protection of the health and lives of operatives, and, in the name of humanity, prohibiting the employment of child labor.

It also passed a law creating a labor commission and providing for the settlement of differences between employers and employees by rational and just methods of arbitration. The duties of these commissioners have been so industriously, courageously and impartially performed that labor and capital has shared equally in the saving of hundreds of thousands of dollars that otherwise would have been lost through unreasonable contention but for the wisdom of the Republican party in providing means for the amicable adjustment of disputes and the restoration of harmonious relations.

At the same session a law was also passed, providing for the better protection and greater safety of coal miners, and, supplemental to the salutary measures herein enumerated, which have already resulted in incalculable benefit to the people and the good name of the state, the governor, in the midst of a most critical period of suspension of the coal mining interests, appointed a commission to visit the mining districts and report on the condition and needs of operatives and their suffering families. This was followed by an appeal by the chief executive to the people of the state for relief for the unfortunate. The response was generous. The hungry were fed, hope was again instilled where hopelessness had prevailed, and the sturdy miners united in heartfelt praise of a governor who had placed himself in close touch with humanity, and who believed there was more efficacy in the tempering power of bread than in bullets in treating with hapless, hungry men, women and children. It was thus demonstrated that a well directed appeal to reason, made in good faith and devoid of selfishness, is a far more potent agent of arbitration and civilization than militia men with muskets, rashly ordered to subdue domestic discord.

AN ITEM OF BIG ECONOMY.

A comparison of what the attorney general's office cost the state of Indiana under Democratic administrations with what was expended therefor under Republican rule, is not the least of the suggestive items of economy that will be commended by the people in this year's campaign. While the Democratic party was trying to save itself from defeat four years ago for its extravagance and bad direction of public affairs, the attorney general of that time, as did all who preceded him, was annually taking into himself many thousands of dollars in fees. When the Republicans came into their own again by the will of the people, emphasized by a plurality very near the 50,000 limit, these fat fees were turned into the state treasury where they belonged. The taxpayers can grasp the importance of thus turning the tide of fees from a public officer's bank account to the state's money vault by noting this little memorandum. Auditor Daily reported that at the end of the last fiscal year there had been disbursed by the attorney general's office only \$13,916.12. For the fiscal year of 1894 Auditor Henderson, when the state was in complete possession of the Democrats, reported that the attorney general had received during that year \$37,697.79. That is, the state lost in one year, as an example of persistent Democratic extravagance, \$23,691.67 that would have been saved the state by Republican methods.

Five Captains.

There were five captains chanced to meet—one Russian, one Turk, one Frenchman, one American and one Englishman. One proposed a champagne supper, each one to give toast of his own native country or pay for the wine drunk after supper.

Plymouth, Ind., Sept. 8.—The 47th annual session of the Northwest Indiana conference of the Methodist church began here yesterday, Bishop Warren presiding. MATES OF GREAT MEN.

The Wives of Both Disraeli and Gladstone Were Brave.

Once when Gladstone was making an outdoor speech it began to rain. Quietly Mrs. Gladstone, with her sweet, motherly face, and who always accompanied her husband, stood up, and, opening a domestic looking umbrella of the Gamp species, held it over him. The spectacle which the old couple presented there standing together was so touching and appealed so thoroughly to the good feelings of the crowd, because of the striking picture of Durly and Jean domesticity, that when a burly cotermonger, who had been loudest in his catcalls and hooting of Mr. Gladstone up to that moment, suddenly shouted, "Three cheers for the grand old woman!" every one responded with a will.

Lady Beaconsfield showed similar devotion to Gladstone's great rival on more than one occasion. She, too, was devoted to her husband, and many old parliamentarians recall the story of how after having had her hand terribly crushed in the carriage door while driving down to the house of parliament with Disraeli she refrained from uttering a cry or from saying a word about her injury lest his mind should be diverted from the great and important speech which he was to deliver that night. It was not until he reached home and found the doctor at her bedside that he was made aware that she had sustained any hurt.—New York Herald.

Sixty-two Children.

A remarkable tale of human fecundity is told by the London Daily News. An Italian peasant woman named Granata, married at 25 years, has borne 62 children. After this she limited herself, like ordinary women, to single babies and twins, but wound up with another batch of four.

SHABBY CLOTHES

eat up a man's confidence. The poorly dressed man is afraid to push ahead—it brings his clothes into prominence and this makes him uncomfortable. He usually gets ready-to-wear clothing. Sometimes it fits him, sometimes it doesn't. It gets worn and shabby, and still he's compelled to wear it. For about the price of ready made clothes we could have made him an elegant Fall suit perfect in style, fit and finish.

CONVENTION CALL.

Whereas a majority of the democratic voters of Jackson county have repudiated a so called democratic primary election and the nominees of said primary election, which was in its rules and regulations governing said primary, so unfair, unjust and undemocratic that more than three-fourths of the democratic voters of the county refused to recognize the said primary or participate in said primary election, and

Whereas the republican county central committee at a regular and full meeting of the committee, held in Seymour on the 18th day of August, 1898, declared themselves as willing to affiliate with all voters of Jackson county who were opposed to the so called democratic ticket and appointed a committee of five members of their county committee to confer and arrange with a like committee of five democrats, as to time, manner, etc., of holding a convention of the independent voters of Jackson county, therefore be it resolved by this joint committee of five democrats and five republicans:

ANNOUNCEMENT.

FOR CLERK.
JAMES W. LEWIS, of Vernon township, is a candidate as a republican for county clerk on the fusion ticket hereafter to be named.

D. W. RAPP, of Rolling township, is a candidate as a republican for county clerk on the fusion ticket to be named September 17.

FOR SHERIFF.

B. C. Lett, of Hamilton township, is a candidate as a republican for sheriff of Jackson county on the fusion ticket to be nominated September 17th.

The republicans of Vermont cast nearly three times as many votes as the democrats in the state election Tuesday.

CINCINNATI is having a busy week. They are not only entertaining old soldiers, but thousands of others from all parts of the county. The business men are doing a good business for they have the crowd to do business with.

Some democrats and democratic papers are now howling about the army of the United States being made up of weeklings, men without capacity as soldiers, and this too in the face of the most successful and brilliant war ever waged.

The democrats who grew impatient and cried "On to Havana," and "On to Santiago," are now criticising the management of the war because troops were sent to Cuba before the winter season. What wonderful adaptability these talking warriors have.

The county convention to be held in Seymour, September 17, will nominate a ticket composed of substantial men who will be elected and administer the affairs of the county in the interest of the people. The days of the ring are numbered. Therefore the ringsters and their backers are sorely troubled.

The populists are right in the middle of the road with a national ticket. The convention at Cincinnati this week named Wharton Barker and Ignatius Donnelly to lead the populist hosts in 1900. They are a little previous yet they say they mean business. Judging from the spirit of the convention and tone of the speeches and the lengthy address issued, they will not stand in with Bryan unless he quits calling himself a democrat. Simply acting like a populist is not sufficient. They are hedging on the 16 to 1 proposition and getting back to greenbacks.

Mrs. R. W. Geiger, of Centerville, Iowa, came here today to see friends.

Mrs. S. H. Winton came here last evening from Bedford to visit Mrs. D. W. Williams and family.

Councilman DeGoey left for Westport this morning to look after his gravel road contracts in that locality.

This morning was the coolest of the season. Fire and overcoats were in demand. Thermometer 56 degrees above zero at 5 o'clock. We will have warm weather tomorrow.

JOHN V. HADLEY.

Hon. John V. Hadley, Republican nominee for judge of the supreme court, was reared in Hendricks county and is a citizen of Danville. He was born in 1841, and in 1861, when the war began, he was a student in Butler University. He enlisted in the army and served throughout the war with distinction. He was taken prisoner, and has written an interesting book descriptive of his military experience. He was a member

JOHN V. HADLEY.

of the state senate in the sessions of 1869 and 1871, representing Putnam and Hendricks counties. In 1888 he was elected judge of the circuit composed of Marion and Hendricks counties. Hendricks county was soon thereafter made a separate circuit, and he is now judge of the court of that county. He has a large acquaintance throughout the state, and is popular with all classes. He has the reputation of being a fair and upright judge, and his opinions have been rarely reversed by the higher courts. His integrity as a man is unquestionable, and his fitness for the supreme court bench is cheerfully conceded by men of every shade of political belief.

REPUBLICAN

LABOR LEGISLATION.

The Sixtieth general assembly of Indiana, having a Republican majority in both branches, gave practical testimony of the party's sincere interest in the cause of workingmen by abolishing the prison contract system and taking vict labor out of competition with free labor; by creating the office of factory inspector, providing for the better protection of the health and lives of operatives, and, in the name of humanity, prohibiting the employment of child labor.

It also passed a law creating a labor commission and providing for the settlement of differences between employers and employees by rational and just methods of arbitration. The duties of these commissioners have been so industriously, courageously and impartially performed that labor and capital has shared equally in the saving of hundreds of thousands of dollars that otherwise would have been lost through unreasonable contention but for the wisdom of the Republican party in providing means for the amicable adjustment of disputes and the restoration of harmonious relations.

At the same session a law was also passed, providing for the better protection and greater safety of coal miners, and, supplemental to the salutary measures herein enumerated, which have already resulted in incalculable benefit to the people and the good name of the state, the governor, in the midst of a most critical period of suspension of the coal mining interests, appointed a commission to visit the mining districts and report on the condition and needs of operatives and their suffering families. This was followed by an appeal by the chief executive to the people of the state for relief for the unfortunate. The response was generous. The hungry were fed, hope was again instilled where hopelessness had prevailed, and the sturdy miners united in heartfelt praise of a governor who had placed himself in close touch with humanity, and who believed there was more efficacy in the tempering power of bread than in bullets in treating with hapless, hungry men, women and children. It was thus demonstrated that a well directed appeal to reason, made in good faith and devoid of selfishness, is a far more potent agent of arbitration and civilization than militiamen with muskets, rashly ordered to subdue domestic discord.

AN ITEM OF BIG ECONOMY.

A comparison of what the attorney general's office cost the state of Indiana under Democratic administrations with what was expended therefor under Republican rule, is not the least of the suggestive items of economy that will be commended by the people in this year's campaign. While the Democratic party was trying to save itself from defeat four years ago for its extravagance and bad direction of public affairs, the attorney general of that time, as did all who preceded him, was annually taking into himself many thousands of dollars in fees. When the Republicans came into their own again by the will of the people, emphasized by a plurality very near the 50,000 limit, these fat fees were turned into the state treasury where they belonged. The taxpayers can grasp the importance of thus turning the tide of fees from a public officer's bank account to the state's money vault by noting this little memorandum. Auditor Daily reported that at the end of the last fiscal year there had been disbursed by the attorney general's office only \$13,916.12. For the fiscal year of 1894 Auditor Henderson, when the state was in complete possession of the Democrats, reported that the attorney general had received during that year \$37,697.79. That is, the state lost in one year, as an example of persistent Democratic extravagance, \$23,691.67 that would have been saved the state by Republican methods.

But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at Wm. F. Peter's Drug Store.

SHABBY CLOTHES

eat up a man's confidence. The poorly dressed man is afraid to push ahead—it brings his clothes into prominence and this makes him uncomfortable. He usually gets ready-to-wear clothing. Sometimes it fits him, sometimes it don't. It gets worn and shabby, and still he's compelled to wear it. For about the price of ready-made clothes we could have made him an elegant Fall suit perfect in style, fit and finish.

It's All Over Now.

"What's over?" The war. "Well who doesn't know that?" You may, but however you will want a permanent record of this war, a souvenir for all time. There has been many histories of the war, treating principally of the struggle between Cuba and Spain and probably carrying you as far as Dewey's victory and so forth. But you will soon be called upon to examine the sample sheets of what is to be the permanent record of our war with Spain; a beautiful souvenir, issued in one large and handsome volume, 12 inches wide by 15 inches long, the flat opening pages of which permits of its illustrations and maps being 13 by 21 inches. You cannot afford to purchase a work, the maps and large illustrations of which have to be folded in the book. You must see this work for it is truly excellent. CONVENTION CALL.

Whereas a majority of the democratic voters of Jackson county have repudiated a so called democratic primary election and the nominees of said primary election, which was in its rules and regulations governing said primary, so unfair, unjust and undemocratic that more than three-fourths of the democratic voters of the county refused to recognize the said primary or participate in said primary election, and

Whereas the republican county central committee at a regular and full meeting of the committee, held in Seymour on the 18th day of August, 1898, declared themselves as willing to affiliate with all voters of Jackson county who were opposed to the so called democratic ticket and appointed a committee of five members of their county committee to confer and arrange with a like committee of five democrats, as to time, manner, etc., of holding a convention of the independent voters of Jackson county, therefore be it resolved by this joint committee of five democrats and five republicans:

FOR CLERK.

JAMES W. LEWIS, of Vernon township, is a candidate as a republican for county clerk on the fusion ticket hereafter to be named.

D. W. HART, of Redding township, is a candidate as a republican for county clerk on the fusion ticket to be named September 17.

R. C. Lott, of Hamilton township, is a candidate as a republican for sheriff of Jackson county on the fusion ticket to be nominated September 17th.

The republicans of Vermont cast nearly three times as many votes as the democrats in the state election Tuesday.

CINCINNATI is having a busy week. They are not only entertaining old soldiers, but thousands of others from all parts of the county. The business men are doing a good business for they have the crowd to do business with.

Some democrats and democratic papers are now howling about the army of the United States being made up of weeklings, men without capacity as soldiers, and this too in the face of the most successful and brilliant war ever waged.

The democrats who grew impatient and cried "On to Havana," and "On to Santiago," are now criticising the management of the war because troops were sent to Cuba before the winter season. What wonderful adaptability these talking warriors have.

The county convention to be held in Seymour, September 17, will nominate a ticket composed of substantial men who will be elected and administer the affairs of the county in the interest of the people. The days of the ring are numbered. Therefore the ringsters and their backers are sorely troubled.

The populists are right in the middle of the road with a national ticket. The convention at Cincinnati this week named Wharton Barker and Ignatius Donnelly to lead the populist hosts in 1900. They are a little previous yet they say they mean business. Judging from the spirit of the convention and tone of the speeches and the lengthy address issued, they will not stand in with Bryan unless he quits calling himself a democrat. Simply acting like a populist is not sufficient. They are hedging on the 10 to 1 proposition and getting back to greenbacks.

Mrs. R. W. Geiger, of Centerville, Iowa, came here to today to see friends.

Mrs. S. H. Winton came here last evening from Bedford to visit Mrs. D. W. Williams and family.

Councilman DeGo'er left for Westport this morning to look after his gravel road contracts in that locality.

This morning was the coolest of the season. Fires and overcoats were in demand. Thermometer 56 degrees above zero at 5 o'clock. We will have warm weather tomorrow.

JOHN V. HADLEY.

Hon. John V. Hadley, Republican nominee for judge of the supreme court, was reared in Hendricks county and is a citizen of Danville. He was born in 1841, and in 1861, when the war began, he was a student in Butler University. He enlisted in the army and served throughout the war with distinction. He was taken prisoner, and has written an interesting book descriptive of his military experience. He was a member

JOHN V. HADLEY.

of the state senate in the sessions of 1869 and 1871, representing Putnam and Hendricks counties. In 1888 he was elected judge of the circuit composed of Marion and Hendricks counties. Hendricks county was soon thereafter made a separate circuit, and he is now judge of the court of that county. He has a large acquaintance throughout the state, and is popular with all classes. He has the reputation of being a fair and upright judge, and his opinions have been rarely reversed by the higher courts. His integrity as a man is unquestionable, and his fitness for the supreme court bench is cheerfully conceded by men of every shade of political belief.

REPUBLICAN LABOR LEGISLATION.

The Sixtieth general assembly of Indiana, having a Republican majority in both branches, gave practical testimony of the party's sincere interest in the cause of workmen by abolishing the prison contract system and taking control of labor out of competition with free labor; by creating the office of factory inspector, providing for the better protection of the health and lives of operatives, and, in the name of humanity, prohibiting the employment of child labor.

It also passed a law creating a labor commission and providing for the settlement of differences between employers and employees by rational and just methods of arbitration. The duties of these commissioners have been so industriously, courageously and impartially performed that labor and capital has shared equally in the saving of hundreds of thousands of dollars that otherwise would have been lost through unreasonable contention but for the wisdom of the Republican party in providing means for the amicable adjustment of disputes and the restoration of harmonious relations.

At the same session a law was also passed, providing for the better protection and greater safety of coal miners, and, supplemental to the salutary measures herein enumerated, which have already resulted in incalculable benefit to the people and the good name of the state, the governor, in the midst of a most critical period of suspension of the coal mining interests, appointed a commission to visit the mining districts and report on the condition and needs of operatives and their suffering families. This was followed by an appeal by the chief executive to the people of the state for relief for the unfortunate. The response was generous. The hungry were fed, hope was again instilled where hopelessness had prevailed, and the sturdy miners united in heartfelt praise of a governor who had placed himself in close touch with humanity, and who believed there was more efficacy in the tempering power of bread than in bullets in treating with hapless, hungry men, women and children. It was thus demonstrated that a well directed appeal to reason, made in good faith and devoid of selfishness, is a far more potent agent of arbitration and civilization than militiamen with muskets, rashly ordered to subdue domestic discord.

AN ITEM OF BIG ECONOMY.

A comparison of what the attorney general's office cost the state of Indiana under Democratic administrations with what was expended therefor under Republican rule, is not the least of the suggestive items of economy that will be commended by the people in this year's campaign. While the Democratic party was trying to save itself from defeat four years ago for its extravagance and bad direction of public affairs, the attorney general of that time, as did all who preceded him, was annually taking into himself many thousands of dollars in fees. When the Republicans came into their own again by the will of the people, emphasized by a plurality very near the 50,000 limit, these fat fees were turned into the state treasury where they belonged. The taxpayers can grasp the importance of thus turning the tide of fees from a public officer's bank account to the state's money vault by noting this little memorandum. Auditor Daily reported that at the end of the last fiscal year there had been disbursed by the attorney general's office only \$13,916.12. For the fiscal year of 1894 Auditor Henderson, when the state was in complete possession of the Democrats, reported that the attorney general had received during that year \$37,007.79. That is, the state lost in one year, as an example of persistent Democratic extravagance, \$23,091.67 that would have been saved the state by Republican methods.

Five Captains.

There were five captains chanced to meet—one Russian, one Turk, one Frenchman, one American and one Englishman. One proposed a champagne supper, each one to give toast of his own native country or pay for the wine drunk after supper.

The Russian—Here's to the stars and bars of Russia, that were never pulled down.

The Turk—Here's to the moons of Turkey, whose feathers were never clipped.

The Frenchman—Here's to the cock of France, whose feathers were never picked.

The American—Here's to the stars and stripes of the United States of America who never failed to defeat.

The Englishman—Here's to the rampant, roaring lion of Great Britain, that tore down the stars and bars of Russia, clipped the wings of Turkey, picked the feathers of the cock of France, and ran like h—l from the stars and stripes of the United States of America.—Ex.

Stood Death On.

E. B. Munday, a leading attorney, of Henrietta, Tex., tells how he once fooled a grave-digger. He says: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters and he was soon much better. He quit using it too early and had a relapse; again took the bitters until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germs and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. Only 50 cents at W. F. Peter's Drug Store.

The Big Minstrel Coming.

We are at last positively assured of something new and original in minstrelsy, something different from all others and which is creating the most intense enthusiasm. This consists of a grand patriotic naval representation, on board the flagship Brooklyn before Santiago bay, maines and jacksies being personated by Hi Henry's minstrels. The big turret is there and the frowning guns, search lights, and the moving scene ever represented upon the mimic stage. Hi Henry carries two superb cars this season, and on his especially for the scenery and effects of this great production. Stage realism and fifty star performers will fill in an open day en route from Cincinnati to St. Louis, at Seymour Opera House, on Monday, Sept. 12.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach is disordered, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alternative and Tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Sold at Wm F. NORTHWEST CONFERENCE.

Protest Against Precedence of State Educational Institutions.

Plymouth, Ind., Sept. 8.—The 47th annual session of the Northwest Indiana conference of the Methodist church began here yesterday, Bishop Warren presiding. A resolution protesting against the present precedence given state institutions of learning, to the detriment of denominational schools, was introduced. Efforts will be made to secure a revision of state legislation on this matter. Dr. Gobin of DePauw University offered a paper setting forth the advantages and conditions of DePauw University and lamenting the false reports as to the financial condition of the school.

MATES OF GREAT MEN.

The Wives of Both Disraeli and Gladstone Were Brave.

Once when Gladstone was making an outdoor speech it began to rain. Quietly Mrs. Gladstone, with her sweet, motherly face, and who always accompanied her husband, stood up, and, opening a domestic looking umbrella of the Gamp species, held it over him. The spectacle which the old couple presented there standing together was so touching and appealed so thoroughly to the good feelings of the crowd, because of the striking picture of Darby and Joan domesticity, that when a burly costermonger, who had been loudest in his catcalls and hooting of Mr. Gladstone up to that moment, suddenly shouted, "Three cheers for the grand old woman!" every one responded with a will.

Lady Beaconsfield showed similar devotion to Gladstone's great rival on more than one occasion. She, too, was devoted to her husband, and many old parliamentarians recall the story of how after having had her hand terribly crushed in the carriage door while driving down to the house of parliament with Disraeli she refrained from uttering a cry or from saying a word about her injury lest his mind should be diverted from the great and important speech which he was to deliver that night. It was not until he reached home and found the doctor at her bedside that he was made aware that she had sustained any hurt.—New York Herald.

Sixty-Two Children.

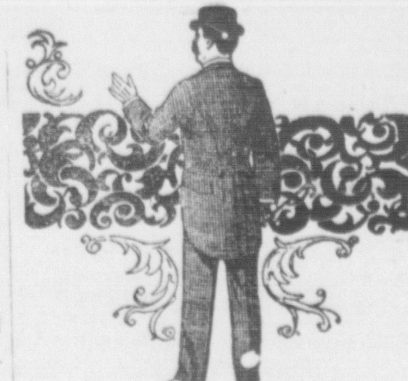

A remarkable tale of human fecundity is told by the London Daily News. An Italian peasant woman named Gradana, married at 28 years, has borne 62 children. She began with a single daughter, followed by six boys at a birth, then by five more, and these by triplets twice and four at a birth. After this she limited herself to ordinary women, to single babies and twins, but wound up with another batch of four.

Brave Men Fell.

Victims to stomach, liver and kidney troubles as well as women, but all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at Wm. F. Peter's Drug Store.

SHABBY CLOTHES

eat up a man's confidence. The poorly dressed man is afraid to push ahead—it brings his clothes into prominence and this makes him uncomfortable. He usually gets ready-to-wear clothing. Sometimes it fits him, sometimes it don't. It gets worn and shabby, and still he's compelled to wear it. For about the price of ready-made clothes we could have made him an elegant Fall suit perfect in style, fit and finish.

Paint Them White.

The directors of the Free Street Fair request all merchants to paint their booths white.

There is no color that shows more favorably than a good white, and against such a background the many colors used for decorations would look beautifully.

They recommend the use of "alabaster" for this work as it is the cheapest as well as the whitest.

But you will soon be called upon to examine the sample sheets of what is to be the permanent record of our war with Spain; a beautiful souvenir, issued in one large and handsome volume, 12 inches wide by 15 inches long, the first opening pages of which permits of its illustrations and maps being 13 by 21 inches. You cannot afford to purchase a work, the maps and large illustrations of which have to be folded in the book. You must see this work for it is truly excellent.
